

## **Do you have laundry facilities?**

Last revised Tuesday, 21 October 2008

---

In a separate building, the laundry unit has two, front loading, washing machines and two tumble dryers and we ask you to give us the money for their use. There is an iron and a small board and we also have a baby bath and changing mat, which you are most welcome to take into your tent to use for babies. There are also three big sinks with draining boards for washing dishes and a separate one for washing clothes.
